UK UNIVERSITY PREPARATION
AGE 14+
We offer a world-class education, attracting students from across the globe. In a diverse and exciting international community, you will learn to be your best and achieve a place at a top university.
BEST FOR INTERNATIONAL STUDENTS

85+ nationalities  
Join an international community with no more than 25% of any one nationality

5 hours’ English per week  
Develop your English skills and excel in your subject studies

Expert teachers  
All teachers are teachers of English and include published authors and examiners

Small class sizes  
Get individual attention from teachers and practise your English amongst friends

Unlike traditional boarding schools in the UK, everyone in a CATS class is in the same situation - away from home, needing help to acclimatise, wanting to make new friends and committed to improving their English rapidly. Everything we do is aimed at helping you achieve this, from teachers who know how to adapt lessons to build confidence in English to houseparents who provide care and concern during your stay.

“THE TRADITIONAL BRITISH ATMOSPHERE IS INSPIRING. THE EDUCATION IS ADVANCED AND THE UNIVERSITIES ARE GREAT”

Eric from China  
is going to pursue a degree in Biomedical Engineering at King’s College London

A levels  
Physics, Chemistry, Maths
BEST FOR BOARDING

30+ activities
Choose from a range of creative, academic and sporting clubs and activities.

On-site medical centres
Managed by trained healthcare professionals.

Comfortable living
1100 rooms in which to live and study.

En-suite rooms
A choice of single and shared en-suite rooms.

Our campuses offer single and shared bedrooms with en-suite bathrooms in purpose built accommodation, because we know if you are comfortable and relaxed in your surroundings you will flourish academically, socially and emotionally. Throughout your time with us, you will be treated as a young adult allowing you to develop the independence you will need at university. Our houseparents are available 24 hours per day to provide the support and nurturing you need to thrive.

Premium Accommodation
You can take advantage of more space to study and socialise with our Premium Accommodation option. You will get a larger area to live and work and additional storage space, as well as a welcome pack to make you more comfortable during the first few weeks. Your pack includes essential items such as towels, toiletries, extra storage, and UK power adaptors.

“IF I HAVE PROBLEMS I CAN TALK TO STAFF AND GET THINGS SOLVED. THIS COLLEGE FEELS LIKE HOME”

Rodrigo from Brazil
is going to pursue a degree in Medicine at Hull York Medical School.

International Baccalaureate
A DAY IN THE LIFE
AT CATS COLLEGE

A typical day in the life of a CATS student is full of variety from start to finish – all with the goal of preparing you for life at university.

You spend time exploring your chosen subjects and improving your English. There is also time to pursue the things you love, try new activities and develop a range of skills - all whilst immersed in British life and culture.

This timeline illustrates a variety of activities. Your timetable will vary depending on your programme and subject choices. Not all activities will take place in a single day.
BEST FOR UNIVERSITY PREPARATION

Our goal is to prepare you for university success; whether you would like to study Business at LSE, Medicine at Manchester or Chemical Engineering at Cambridge.

You will receive one-on-one guidance on applying to university. You will visit a range of campuses, attend workshops to help you perfect your personal statement and receive individual support such as interview practice.

We also have agreements with over 20 UK universities including the University of Exeter, University of Bristol, University of Surrey, University of Kent and Royal Holloway London. This gives you the confidence that you can progress to a leading institution upon successfully meeting the entry requirements.

In addition, you will have access to a range of activities through our Key Professions Programme to help you get a head start in a competitive career (see pages 14-27).

Choosing the ideal combination of subjects in your academic qualifications is an important step in preparing for university and also your chosen career. To help plan your route, you will receive dedicated advice, support and a range of extra opportunities as part of the CATS Key Professions Programme (KPP). Available at every CATS college, the programme supplements your academic study. It is open to all students.

We offer expert advice for careers in:
- Business (page 16)
- Medicine (page 18)
- Law (page 20)
- Architecture (page 22)
- Engineering (page 24)
- Computer Science (page 26)

We will help you:

- **RESEARCH** your career
  If you have a clear idea about the profession you want to enter, we will give you the support you need to prepare for the appropriate degree. Don’t worry if you don’t have a clear idea; we’ll help you discover new interests, develop your strengths and learn new skills.

- **PLAN** your route
  Choosing the right combination of subjects is essential to give you the best chance of getting a place on your chosen degree. We’ll give you subject guidance and talk to you about the range of degrees on offer so that you can achieve your career ambitions.

- **DEVELOP** your skills
  Develop the skills you need to succeed on the Key Professions Programme. It comprises:
  - university visits, lectures and application support
  - career preparation
  - personal development opportunities.
A CAREER IN BUSINESS
BE AN ANALYST, ECONOMIST, ENTREPRENEUR

A degree in business can be a stepping stone to a highly successful career in finance, accounting, management or economics. Career opportunities are available across virtually all sectors, this means business graduates are always in high demand across the world.

Choose your subjects

Many universities prefer students not to have studied Law, it certainly isn’t essential. Mathematics is preferred by many universities in addition to an essay-writing subject.

We offer:
- Mathematics
- History
- Sociology
- Psychology
- English Literature

*The Times & Sunday Times University Ranking 2019

PROGRESS TO STUDY LAW

Take advantage of guaranteed progression to the University of Bristol, consistently ranked one of the top universities in the UK.

“I’M A BARRISTER TO THE SUPREME COURT OF NIGERIA. THE HARD WORK PAID OFF”

Zara from Nigeria, former CATS A level student, studied Law at the University of Law, Birmingham

APPLYING TO UNIVERSITY

- In one-to-one tutorials, receive advice on all aspects of applying to university to study law from personal statement guidance to mock interview practice.
- Preparation for the Law National Aptitude Test (LNAT) university entrance exam.
- Visit a range of universities ranked highly for law such as Birmingham, Durham and Bristol.

CAREER PREPARATION

- Visit a magistrates’ court and get an introduction to the British legal system.
- Visit a law practice to learn about the justice system from legal professionals.

PERSONAL DEVELOPMENT

- Participate in the Citizenship Foundation’s Annual Mock Trial Competition to learn how to present fictional legal cases to real judges in a law court showcasing your verbal reasoning skills.
- Participate in a variety of leadership and debating activities from the Duke of Edinburgh Award to Olympiad challenges.
A CAREER IN ARCHITECTURE
BE AN ARCHITECT, DESIGNER, SURVEYOR

Architecture is a complex, technical and rewarding discipline if you have a curious, creative and visual mind. Whatever career you choose, CATS Colleges will support you on your journey.

RESEARCH your career
Discover what it takes to work in architecture through a series of industry-focused workshops and seminars. The creative, visual, technical and design-based skills that you need to develop will open a whole other world of opportunities besides architecture.

Typical careers:
• Architect
• Urban Planner
• Surveyor
• Civil Engineer

Our Higher Education Advisers will help you find the perfect degree course for you.

Typical degrees:
• Architecture
• Environmental Planning
• Civil Engineering
• Interior Design

*The Times & Sunday Times University Ranking 2019

Choose your subjects
With architecture, you can take either an engineering or design route. If you choose an Engineering route you will look at designing processes and making products to solve real-world problems, such as the building of bridges or sustainable homes. Consider a combination of the following Chemistry, Physics, Mathematics, and Psychology.

If you choose an art route, you will look at the design and function of structures. Your portfolio will be essential as part of your university application process. Our recommendation is Art, Physics, and Mathematics.

Choose your subjects

Develop your skills in:
- Problem-solving
- Creative thinking
- Teamwork
- Visualising
- Attention to detail

Develop your skills

Planning your route

Applying to university
• Learn how to create an outstanding portfolio.
• Visit a range of universities ranked highly for architecture and design.

Career preparation
• Participate in a variety of creative activities and clubs from photography to life drawing.
• Visit places of interest such as the Museum of Brands, Packaging and Advertising, the Design Museum and The Tate Modern.
• Visit architectural places of interest around the UK such as the Barbican, the Shard, the colleges of Oxford and Cambridge.

Personal development
• An annual visit to a European city to discover classical architecture.
• Participate in Young Enterprise to develop your business skills – great for those wanting to pursue a career in product design.

Take advantage of guaranteed progression to the University of Kent, which offers one of the top architecture degree courses in the UK.
**A CAREER IN ENGINEERING**

**BE AN AI SPECIALIST, DEVELOPER, ENGINEER**

Engineering covers many disciplines that touch virtually all aspects of modern life, this means that Engineers are in high demand around the world.

**RESEARCH your career**

From robotics and artificial intelligence to medical technology and driverless cars, engineering is shaping our future. Find the area of engineering that you love through our lectures, workshops, and seminars.

Typical careers:
- Aerospace Engineer
- Biomedical Engineer
- Civil Engineer
- Chemical Engineer
- Mechanical Engineer
- Architect

Our Higher Education Advisers will help you find the perfect degree course for you.

Typical degrees:
- Biomedical Engineering
- Engineering Mathematics
- Chemical Engineering
- Aerospace Engineering
- Automotive Engineering
- Civil Engineering
- Architecture

**PLAN your route**

**Choose your subjects**

Mathematics and Physics are essential. The third subject depends on what strand of engineering you choose – it could be a science, social science or even a humanity.

We offer:
- Mathematics
- Physics
- Chemistry
- Psychology
- Biology

**Applying to university**

- In one-to-one tutorials, receive advice on all aspects of applying to university to study engineering.
- Visit a range of universities ranked highly for engineering such as the University of Surrey and the University of Bristol.

**Career preparation**

- Participate in a variety of workshops and seminars to develop your interest.
- Receive exam preparation depending on your type of engineering course.
- Visit places of interest such as the University of Cambridge Department of Engineering.

**DEVELOP your skills**

- Participate in STEM Club, Robotics Club, and Coding Club to develop your knowledge of STEM subjects outside of the classroom.
- Attend seminars and workshops to discover your passion for engineering.
- Enter Physics and Chemistry Olympiads and Maths Challenge competitions to develop your knowledge.

**Student success**

**“I LEARNT A LOT OF ACADEMIC SKILLS – HOW TO MANAGE TIME, PRESENT AND WRITE. THESE SKILLS ARE VERY HELPFUL”**

Marta from Poland met the offer to study Engineering Mathematics at the University of Bristol University Foundation Programme Physics, Mathematics, Business
A CAREER IN
COMPUTER SCIENCE
BE A PROGRAMMER, DEVELOPER, ANALYST

Computer technologies are more important than ever in a digital world, this makes a degree in Computer Science an attractive choice. Also, studying Computer Science will give you many technical skills highly valued by employers, from understanding code to programming.

Develop your skills in:
- Problem-solving
- Critical thinking
- Analysis
- Numeracy
- Communication

“I WANT TO BE A SECURITY CONSULTANT. MY PASSION IS COMPUTERS. IT’S FASCINATING HOW THIS TINY DEVICE CAN BE USED ACROSS THE WORLD”

Edmund from Malaysia

A levels
Mathematics, Physics, Computer Science

RESEARCH
your career

Careers in Computer Science are wide and varied. Attend seminars and workshops with industry experts to discover the area of Computer Science that is right for you.

Typical careers:
- Machine Learning Engineer
- Blockchain Developer
- Systems Architect
- Data Security Analyst
- Big Data Engineer
- Cyber Security Specialist

Our Higher Education Advisers will help you find the perfect degree course for you.

Typical degrees:
- Computer Science
- Artificial Intelligence
- Computer Games Programming
- Software Engineering
- Cyber Security

Choose your subjects

Universities do not require a Computer Science qualification for entry but Mathematics is essential. Physics is often preferred. Other subjects that display clear and logical thinking are liked. Some courses like a social science.

We offer:
- Mathematics
- Physics
- Psychology
- Sociology
- Economics
- Chemistry

DEVELOP
your skills

Apply to university
- Receive one-to-one advice on applying to university
- Enjoy lectures at top universities such as LSE and CASS Business School.

Career preparation
- Attend seminars and workshops to discover your passion for Computer Science.
- Visit places of interest such as the Cambridge Museum of Computing and Bletchley Park - the home of UK code-breaking.

Personal development
- Participate in Young Enterprise to develop your problem-solving skills.
- Participate in Robotics Club and Coding Club to develop your knowledge outside of the classroom.

Take advantage of guaranteed progression to the University of Exeter, consistently ranked in the top 15 for Computer Science in the UK.
"CATS GAVE ME THE OPPORTUNITY TO APPLY TO TOP UNIVERSITIES"

Anastasia from Russia studied A levels at CATS. She went on to graduate with a First Class Honours Degree in Government and Economics from LSE.

*The Times & Sunday Times University Ranking 2019
Cambridge is a renowned centre of learning and one of the fastest-growing economies in the UK, with many global organisations, such as Microsoft Research and AstraZeneca.

You will be inspired by the grandeur of the prestigious University of Cambridge—31 colleges and all the great names who have passed through it, like Sir Charles Darwin or Sir Isaac Newton. Modern Cambridge is inspiring too with lots to see and do—live music and theatre, festivals and academic events.

Cambridge is a well-connected city. You can be in the centre of London in just 50 minutes on the train and London Stansted Airport is a short 30-minute car journey away.

“COMING TO CAMBRIDGE... IT WAS LOVE AT FIRST SIGHT WITH THE CITY”

Gabriel from Brazil met his offer to study Social Sciences at Durham University

The modern Cambridge campus has amazing facilities to give you state-of-the-art flexible learning spaces and a home-from-home boarding experience - all in one safe and secure campus near the centre of Cambridge.

**Facilities**

- All single en-suite bedrooms
- Common areas
- Cafeteria
- Laundry services
- 24-hour supervision
- Wi-Fi
- Medical provision on-site
- Varsity House 10 minute walk
- A 10 minute cycle to the city centre
- A 15 minute walk to the city centre

PURPOSE-BUILT CAMPUS
Canterbury is consistently voted the safest UK university city and welcomes students from around the world to its three universities.

It is a cathedral city and now a UNESCO World Heritage site. Whilst the city has lots of history, it also boasts lots of entertainment and culture - music venues, theatres, shopping centres, museums, cinemas, sports and more.

Outside of Canterbury, you can explore bustling seaside resorts and the beautiful English countryside. And if you need a dose of the big city, London is only 50 minutes away by train.

"I LOVE CANTERBURY. IT’S PEACEFUL AND A GOOD PLACE TO STROLL WHEN YOU NEED TO FOCUS ON YOUR STUDIES"

A 20-minute walk to the train station
London is like no other city in the world. It is a vibrant, inspiring and cosmopolitan metropolis offering an unparalleled choice of culture and history, entertainment and shopping.

There are fascinating monuments, museums, and attractions at every turn, that cater for all tastes and ages. If you want culture, then the West End theatres and world-renowned music venues are unrivalled. Or perhaps you want to explore the picturesque parks or visit the shops that make London such a global shopping destination.

The CATS London campus is in the centre of the exclusive Bloomsbury area – the heart of academic London. It is close to the prestigious University of London colleges, as well as many cultural institutions, such as the iconic British Museum.

“My museums in London are free, there are always exhibitions on. It’s a very cultural city, an amazing place.”

Sophie from England is studying Social and Behavioural Sciences at Erasmus University Rotterdam

- University of Kent

Select your age and choose from one of the programmes on offer.
EXPLORING YOUR INTERESTS

Who is this programme for?
GCSE is a qualification in a specific subject to enable progression to a pre-university programme such as A level or International Baccalaureate Programme. The CATS College GCSE programme is designed for international students. Classes are taught by subject specialists who are trained in how to teach students who have English as a second language. The course encourages you to explore your academic potential and since it is a broad programme it will give you a chance to investigate where your interests lie.

What will you achieve?
You will:
▪ achieve GCSE qualifications in a range of subjects
▪ have improved subject knowledge and English fluency and proficiency ready for entry onto your chosen university preparation programme
▪ have the study skills required to excel in your chosen university preparation programme
▪ have essential life skills such as time management, confidence, collaboration, and independence.

*Run subject to demand

“IF YOU COME TO CATS TAKE TIME TO FIND THE SUBJECTS YOU LOVE, IT WILL REALLY HELP YOU WITH YOUR FUTURE CHOICES”

Felicia from Vietnam is studying a GCSE programme
What will you achieve?

You will:
- have improved subject knowledge and English fluency and proficiency ready for entry onto your chosen university preparation programme
- have the study skills required to excel in your chosen university preparation programme
- acquire essential life skills such as time management, confidence, collaboration and independence.

Who is this programme for?

This programme will give you the basic skills and knowledge needed to start a university preparation programme – A level, International Baccalaureate Diploma or University Foundation Programme. You will also get an introduction to the UK teaching approach.

Within the Pre-programme, there may be an opportunity to take external examinations* in English and Maths. This will be discussed during academic counselling, so that we can create your personalised study plan.

*Only Canterbury and Cambridge offer this option.

Quick facts

- Age: 15+
- Academic entry requirements: At least 9 years of schooling and a good school record
- Language level requirements: IELTS 4.0+
- Average class size: 11
- Hours per week: 30+
- Availability: Cambridge Sept (3 terms) / Jan (2 terms)
  Canterbury Sept (3 terms) / Jan (2 terms)
  London Sept (3 terms) / Jan (2 terms)

Key features

- Study a minimum of seven academic subjects including Maths, English, Biology, Chemistry, and Physics.
- Receive intensive English tuition. Our integrated classes cover reading, writing, speaking, listening, grammar and vocabulary.
- Experience life at an international school with access to a broad range of extra-curricular activities, sports, and trips so you can have fun, stay fit and develop life skills.
- Receive a range of homework tasks.
- Receive regular one-to-one coaching on future study pathways.

“Heats provides a great environment for international students to study – there is a lot of support to help you”

Daigo from Japan is studying Pre-programme
What will you achieve?

With A level qualifications, you will:

▪ be able to progress to an international university
▪ possess desirable study skills such as critical thinking, essay/report writing, and solution-based thinking
▪ have developed life skills such as independence, confidence and good communication – all essential for university and your future career.

Who is this programme for?

A level is a higher level qualification in a specific subject that can lead to university, further study, training, or work. It is a traditional UK qualification offering the widest choice of universities.

It is a highly focussed programme of study with a minimum of three subjects studied, usually over two years, with examinations in the second year. However, we also offer a fast-track option. Choosing your subject combination is important as universities look for students that have good grades in the right subjects. We work with you to choose the best combination to help achieve your university and career aspirations.

The CATS College A level programme is designed for international students with additional English language support to help you excel in your studies.

UNIVERSITY FOUNDATION PROGRAMME
BRIDGING THE GAP

Who is this programme for?
This programme acts as a bridge from students’ high school education in their own country to university in the UK. It recognises the specific academic challenges that you face and uses assessment strategies that offer the best opportunities to demonstrate your academic level and potential.

In addition to developing your English skills, you will choose three subjects, with exams at the end of the course. There is also a significant amount of coursework which contributes to your final grade. Choosing your subject combination is important as universities look for students that have good grades in the right subjects. We work with you to choose the best combination to help achieve your university and career aspirations.

What will you achieve?
After successfully completing this course, you will:
▪ have an accredited qualification accepted by 90 of the 100 top UK universities
▪ have developed as an independent learner
▪ have improved your English language fluency and proficiency
▪ have the foundation needed for undergraduate study in your chosen subject.

Key features
▪ Choose from a wide choice of subjects including Sciences, Humanities and the Arts.
▪ Improve your English for university entry and develop your fluency and proficiency to give you the competitive edge in your university application.
▪ Prepare for an English qualification recognised by international universities.
▪ Join a variety of clubs and after-school programmes with a focus on key professions such as law, medicine, and engineering to develop your skills to boost your personal statement for university.
▪ Experience life at an international school with access to a broad range of extra-curricular activities, sports, and trips that will give you the edge when it comes to applying to university.
▪ Develop skills needed to succeed at university with a focus on improving your capacity to learn with confidence and independence.

“MY ADVICE IS FOCUS ON YOUR STUDIES BECAUSE THIS IS VERY IMPORTANT FOR THE NEXT FEW YEARS”

Thomas from China

Fast-track University Foundation Programme
Chemistry, Physics, Maths
INTERNATIONAL BACCALAUREATE

A GLOBAL PERSPECTIVE

Who is this programme for?
The International Baccalaureate Diploma, known as the IB, is a qualification that challenges, encourages and inspires you to become a caring, critical thinker, ready for university study and a globally-focused career.

What will you achieve?
With an IB qualification, you will:
▪ be able to progress to an international university.
▪ possess desirable study skills such as critical thinking, independent research, and real-world comparison.
▪ gain life skills such as independence, confidence, and good communication – all essential for university and your future career.

Key features
▪ Study six subjects – Language & Literature, Language Acquisition, Individuals & Societies, Experimental Sciences, Mathematics, and the Arts.
▪ An extended essay prepares you for the study skills required at university.
▪ Theory of Knowledge asks you to reflect on the nature of knowledge, and on how we know what we claim to know. It is assessed through an oral presentation and a 1,600-word essay.
▪ Creativity, Activity, Service comprises:
  ▪ Creativity – arts, and other experiences that involve creative thinking
  ▪ Activity – physical exertion contributing to a healthy lifestyle, complementing academic work
  ▪ Service – an unpaid and voluntary exchange that has a learning benefit.

“IB IS VERY BROAD AND THE BEST WAY TO PREPARE FOR UNIVERSITY IF YOU’RE NOT SURE WHAT DEGREE TO CHOOSE”

Lea from Germany is going to study Business Economics at the University of Leeds

International Baccalaureate
HIGH SCHOOL TERM
STUDY EXPERIENCE OF A LIFETIME

Who is this programme for?
This programme gives you an insight into British education and complements your studies in your home country. You will be enrolled in classes depending on your age and English level. You will take classes which complement your current studies and receive a notarised report showing your progress and achievements. This is ideal if you are looking for an international experience without disrupting your academic studies at home.

What will you achieve?
You will:
- study with peers from over 70 countries and gain a global perspective
- experience studying in the British education system
- enjoy a range of activities and trips around the UK
- improve your English language skills
- become a more confident learner
- earn study credits in your home country

“I CAME HERE FOR ONE TERM AND DECIDED TO STAY. I’VE BEEN TO GREECE AND CAMBODIA WITH THE SCHOOL”

Vitoria from Brazil progressed to study History of Art at the Courtauld Institute of Art, London

High School Term (A levels)
Italian, History of Art, English Literature
Join a CATS College summer programme to develop your knowledge of specific subjects, universities, and careers whilst gaining an insight into the British education system and an understanding of applying to UK universities.

For students aged 14-17 years
For students with English language level of IELTS 4.0+
For students wanting to learn and experience UK culture

All programmes combine:
- Interactive workshops and activities led by experts in the field.
- Inspiring talks and lectures that will give you an advantage in your university application.
- Trips around the UK to inspire you and inform university applications.
- A range of activities to help you relax and make friends.

Choose from:
- NEW FOR 2020 STEM and English Programme
- Bloomberg Business Advantage
- Careers in Medicine
- UK Education Taster Programme
- Oxbridge Preparation Programme
- Science, Technology, Engineering and Mathematics (STEM) Programme

For further details register online at catseducation.com/summer
*T&Cs apply, visit www.catseducation.com/admissions/terms.htm
Online

Visit catseducation.com and follow the application instructions on the online form. Applying online provides instant confirmation that we have received your application, instant upload of documents and a response from our Admissions Team within two working days – we recommend this option for the fastest application.

Information in this brochure is correct at time of print in August 2019. CATS reserves the right to alter, reschedule or close courses which do not remain viable; students will be informed.

APPLICATION FORM

You can apply to CATS online at www.catseducation.com/apply or by scanning and sending this application form to admissions@catseducation.com.
