CAREERS IN MEDICINE

HELPING YOU INTO HEALTHCARE

WHO IS THIS PROGRAMME FOR?

For students who want to explore the different career options in Medicine. Learn about the huge variety of medical careers from nursing and neuroscience to psychology and physiotherapy. You will gain an understanding of university applications as well as the requirements needed for UKCAT and BMAT the medical school entrance exams. Through workshops, talks, mock interviews, role plays, and exam preparation classes you will learn what a strong application looks like. You will develop your personal action plan so that you can use this course as your springboard to a lifetime of inspiring health and wellbeing.

WHAT YOU WILL ACHIEVE?

You will:

- develop communication, problem solving and teamwork skills
- gain an understanding of the different careers in Medicine from Doctor and Dentist to Vet and Optometrist
- develop practical skills and knowledge in the subjects of biology, chemistry and physics through lessons in English
- understand the requirements needed for UKCAT and BMAT medical school entrance exams through exam coaching and practice
- have a better understanding of what is required to create a competitive application to medical school.
