

# IB SUCCESSES & PROGRESSIONS 2020

The IB promotes creativity and independence among a generation of young academics, fully preparing them for ongoing study and a bright career. The quality of teaching and pastoral care provided by CATS takes this qualification to new heights. In 2019, CATS students scored an average of 34.5/45, compared to the global average of 28.5. This year's high score of 45 improves on our previous high of 43, with future students entering every year to compete for that perfect 45/45.

## International Baccalaureate (IB) Diploma results 2020

**100%** Pass rate for CATS College students for the 4th year running

**44/45** High score achieved by one candidate

| Name       | Nationality | Grades | Destination                                 | Subject                                |
