# A-Level Art Exam

A2 recently concluded the examined portion of their course with a ten hour practical art exam. The practical examination was started in February this year when students were given a choice of themes to study. Students have been researching and refining their ideas since February and used the 10 hour timed exam to create a piece of work that summarises their investigation.

# Flatford Mill Biology Trip

Eight students travelled to the British countryside, Flatford Mill in Suffolk, for the Bank Holiday Weekend. Students, accompanied by Mr. Cernuschi, carried out Ecology practicals required to pass the practical endorsement. During the 3 days we pond dipped, assessed succession on the beach and carried out lots of important statistical tests – all the knowledge needed for the coming exams!
