Visit from Hult International Business School

On Tuesday 3rd October, global business school, Hult University, visited CATS College London. They held a business workshop aimed at Business UFP students, where they experienced an interactive, mini lecture on innovation and disruptive technology. This was followed by a lively discussion and debate on the future direction of businesses like Facebook and Amazon.

Welcome Back

“Welcome to the new academic year and to the first College Newsletter of 2017-2018. Thank you to everybody who has contributed to it and here’s hoping it’s a great year for all involved with CATS London”

- Principal Mario Di Clemente

We hope that all new students and returners are settling back in to college life and embracing the many opportunities available to them this term, including clubs, sports, activities, field trips, exchanges, and guest speakers. Of special note this year we have several opportunities for students to travel abroad, as well as experience the best of life in London:

Boston Exchange trip - running in April 2018, applications are due by October 20th. This is an amazing opportunity to join CATS Cambridge and Canterbury students in travelling to Boston to experience American culture and their education system first hand.

Paris - running in February 2018, deadline for payment is October 20th, places are limited. The trip will include visits to the Louvre, Musee D’Orsay, and the Eiffel Tower.

If you are interested in any of the trips on offer, please speak to Anne Lefebvre for further details.
As students made their way back to London at the start of September CATS London was ready to welcome them back to the city and the college with a week of activities.

Induction week

As students settled back in to classes and college life during their first week they were able to relax with activities planned for each evening, including Bowling, a trip to the London Eye, table tennis tournaments, games nights, a walking tour of London, and trip to the West End show The Lion King. A chance for old friends to catch up and new students to make friends, induction week helps students transition back to college and life in London.
