5. Half Term activities

Issue: 4

February 6th, 2017

Frankfurt

During our A Level Economics trip to Frankfurt (Friday 27th Jan- Monday 30th Jan 2017), CATS London students visited the Deutsche Bundesbank Money museum to explore how money has evolved and its function in the modern economy. We also visited the Frankfurt Stock Exchange and took part in a walking tour of the financial district, ending with a view over the city from the rooftop of a city skyscraper.

Aside from experiencing economics 'hands on', students also had an opportunity to bond through recreational activities like bowling, laser tag and ice skating. One afternoon we visited the city of Mainz to experience the more traditional German culture. Students had an amazing time in Frankfurt and will cherish the memories they have made on the trip.

Barcelona

Between January 27th and 29th a joint Art, Photography and Modern Languages trip saw 16 CATS London students and three teachers travel to Barcelona for three days - the students enjoyed visits to art galleries including the Picasso Museum and MACBA, a contemporary Art space, as well as visits to the Sagrada Familia and Parc Guell.

BARCELONA

A particular highlight was our evening visit to a flamenco show where we ate delicious tapas whilst listening to flamenco music and watching flamenco dancing. Everyone felt inspired after the show and we enjoyed trying impress each other with our best efforts at flamenco dancing. The trip was a great success in terms of learning and creating great memories - Thanks to all staff and students involved.

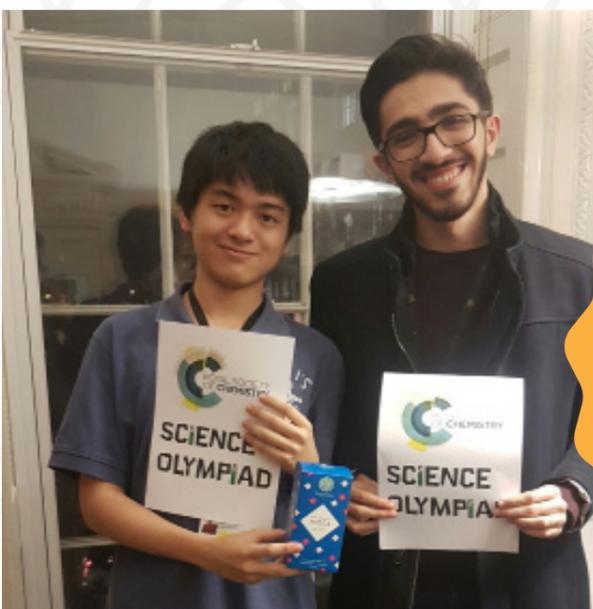

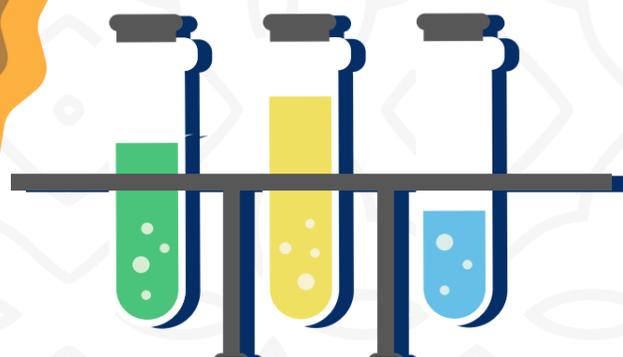

Science Olympiads

Congratulations to all the students who competed in the elite Biology and Chemistry Olympiads last week. Students completed two gruelling one-hour tests in their chosen subject. Results should be out over the next few weeks - but well done to everybody who competed!

WELL DONE!

Activities update

CATS 1 – 2 Lansdowne
Next match: v. MPW

Upcoming charity events:
Quiz night at Premier House (Basement common room) 9th Feb @ 5:15pm
