

Centre Policy for determining teacher assessed grades Summer 2021

CATS College Canterbury

Key Staff	Principal, Vice Principal, Assistant Principal Academic, Examinations Officer, Teachers
Lead for Review	Principal

Statement of Intent

This section outlines the purpose of this document in relation to our centre. The purpose of this policy is:

- To ensure that teacher assessed grades are determined fairly, consistently, free from bias and effectively within and across departments.
- To ensure the operation of effective processes with clear guidelines and support for staff.
- To ensure that all staff involved in the processes clearly understand their roles and responsibilities.
- To support teachers to take evidence-based decisions in line with Joint Council for Qualifications guidance.
- To ensure the consideration of historical centre data in the process, and the appropriate decision making in respect of, teacher assessed grades.
- To support a high standard of internal quality assurance in the allocation of teacher assessed grades.
- To support our centre in meeting its obligations in relation to equality legislation.
- To ensure our centre meets all requirements set out by the Department of Education, Ofqual, the Joint Council for Qualifications and awarding organisations for Summer 2021 qualifications.
- To ensure the process for communicating to candidates and their parents/carers how they will be assessed is clear, in order to give confidence.

Roles and Responsibilities

This section gives details of the roles and responsibilities within our centre:

Principal

- Our Principal as Head of Centre, Mrs Severine Collins, will be responsible for approving our policy for determining teacher assessed grades.
- Our Head of Centre has overall responsibility for CATS College Canterbury as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.
- Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.
- Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.

Senior Leadership Team and Heads of Department

Will:

- provide training and support to our other staff.
- support the Head of Centre in the quality assurance of the final teacher assessed grades.
- ensure an effective approach within and across departments and authenticating the preliminary outcome from single teacher subjects.
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.
- ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.
- ensure teachers have the information required to make accurate and fair judgments.
- ensure that a Head of Department Checklist is completed for each qualification that they are submitting.

Teachers/ Specialist Teachers / ALS Coordinator

Will:

- ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.
- ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.
- make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded.
- securely store and be able to retrieve sufficient evidence to justify their decisions.

Examinations Officer

Will:

- be responsible for the administration of our final teacher assessed grades and for managing the post-results services.

Training, Support and Guidance

This section provides details of the approach our centre will take to training, support and guidance in determining teacher assessed grades this year.

- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.
- Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.

Use of Appropriate Evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.
- All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.
- We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.
- We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.
- We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
- We will use substantial class or homework (including work that took place during remote learning).
- We will use internal tests taken by students.

- We will use mock exams taken over the course of study.

Additional Assessment Materials

- We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.
- We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.
- We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.

We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the College.
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- We will consider the specification and assessment objective coverage of the assessment.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

Determining Teacher Assessed Grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

- Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.

Internal Quality Assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

This section gives details of our approach to internal standardisation, within and across subject departments.

- We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.

- In all subjects we will ensure that our centre carries out an internal standardisation process.
- We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:
 - Arriving at teacher assessed grades
 - Marking of evidence
 - Reaching a holistic grading decision
 - Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades.
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.
- This will either be the Curriculum Director or an appropriate member of staff selected by them.
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.

Comparison of Teacher Assessed Grades to Results for Previous Cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which exams took place (2017 - 2019).
- We will omit subjects that we no longer offer from the historical data.
- We will consider the size of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will prepare a succinct narrative on the outcomes of the review against historic data (including changes in our cohorts that need to be reflected in our comparisons) which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.
- We will include grades from international GCSEs (for example, in mathematics) because we have previously offered these.

Access Arrangements and Special Considerations

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

Addressing disruption/differential lost learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and the Principal will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias); and
- bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
- unconscious bias is more likely to occur when quick opinions are formed; and

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- We will comply with our obligations regarding data protection legislation.
- We will ensure that the grades accurately reflect the evidence submitted.
- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).

Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.
- These will include:
 - Use of the DigiExam proctoring platform to proctor students who take assessments online.
 - Ensuring that teachers raise their concerns over any student's evidence with the Examinations Officer to enable investigation.

It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations (OCR, AQA, Pearson, Edexcel) to support these determinations of authenticity.

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section details the measures in place in our centre to maintain the confidentiality of grades, while sharing information regarding the range of evidence on which the grades will be based.

- All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades.
- All teaching staff have been briefed on the requirement to share details of the range of evidence on which students' grades will be based, while ensuring that details of the final grades remain confidential.
- Relevant details from this Policy, including requirements around sharing details of evidence and the confidentiality requirements, have been shared with parents/guardians.

Malpractice

This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.

- Our general centre policies regarding malpractice, maladministration and conflicts of interest have been reviewed to ensure they address the specific challenges of delivery in Summer 2021.
- All staff involved have been made aware of these policies, and have received training in them as necessary.
- All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:
 - breaches of internal security;
 - deception;
 - improper assistance to students;
 - failure to appropriately authenticate a student's work;
 - over direction of students in preparation for common assessments;
 - allegations that centres submit grades not supported by evidence that they know to be inaccurate;
 - centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;
 - failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and
 - failure to keep appropriate records of decisions made and teacher assessed grades.
 - the consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.

Student Malpractice

We recognise that it is possible that some students may attempt to influence their teachers' judgements about their grades. Students might attempt to gain an unfair advantage during the centre's process by, for example, submitting fabricated evidence or plagiarised work. Such incidents would constitute malpractice and we will report these to the appropriate awarding organisation in the normal way using the JCQ M1 form.

Students, or individuals acting on behalf of a student, such as parents/carers, might also try to influence grade decisions by applying pressure to centres or their staff. We will retain records of the circumstances and the steps taken, and if a student/parent/carer continues to inappropriately attempt to pressure centre staff then we will inform the relevant awarding organisation using the JCQ M1 form.⁴

Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.
- Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).
- We will also carefully consider the need if to separate duties and personnel to ensure fairness in later process reviews and appeals.

External Quality Assurance

This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the

purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.

- All staff involved have been made aware of the awarding organisation requirements for External Quality Assurance as set out in the JCQ Guidance.
- All necessary records of decision-making in relation to determining grades have been properly kept and can be made available for review as required.
- All student evidence on which decisions regarding the determination of grades has been retained and can be made available for review as required.
- Instances where student evidence used to decide teacher assessed grades is not available, for example where the material has previously been returned to students and cannot now be retrieved, will be clearly recorded on the appropriate documentation and details of the assessment/evidence and grading criteria will be made available.
- All staff involved have been briefed on the possibility of interaction with awarding organisations during the different stages of the External Quality Assurance process and can respond promptly and fully to enquiries, including attendance at Virtual Visits should this prove necessary.
- Arrangements are in place to respond fully and promptly to any additional requirements/reviews that may be identified as a result of the External Quality Assurance process.
- Staff have been made aware that a failure to respond fully and effectively to such additional requirements may result in further action by the awarding organisations, including the withholding of results.

Results

This section details our approach to the issue of results to students and the provision of advice and guidance.

- All staff involved have been made aware of the specific arrangements for the issue of results in Summer 2021, including the issuing of A/AS and GCSE results in the same week.
- Arrangements will be made to ensure the necessary staffing, including exams office and support staff, to enable the efficient receipt and release of results to our students.
- Arrangements will be in place for the provision of all necessary advice, guidance and support, including pastoral support, to students on receipt of their results.
- Such guidance will include advice on the appeals process in place in 2021 (see below).
- Appropriate staff will be available to respond promptly to any requests for information from awarding organisations, for example regarding missing or incomplete results, to enable such issues to be swiftly resolved.
- Parents/guardians have been made aware of arrangements for results days.

Appeals

This section details our approach to managing appeals, including Centre Reviews, and subsequent appeals to awarding organisations.

- All staff involved have been made aware of the arrangements for, and the requirements of, appeals in Summer 2021, as set out in the JCQ Guidance.
- Internal arrangements will be in place for the swift and effective handling of Centre Reviews in compliance with the requirements.
- All necessary staff have been briefed on the process for, and timing of, such reviews, and will be available to ensure their prompt and efficient handling.
- Students have been appropriately guided as to the necessary stages of appeal.
- Arrangements will be in place for the timely submission of appeals to awarding organisations, including any priority appeals, for example those on which university places depend.

- Arrangements will be in place to obtain the written consent of students to the initiation of appeals, and to record their awareness that grades may go down as well as up on appeal.

Appropriate information on the appeals process will be provided to parents/carers.

Appendix: Contingency plan for awarding Centre Assessed Grades in the event of a future lockdown

Aim:

Implementing any contingency described in the Table below will aim to safeguard the interests of students, while maintaining the integrity of the centre's predicted grade system and safeguarding the centre's quality assurance as described in the main body of the Centre Assessment Policy.

The priority when implementing contingencies will be to maintain the following:

- Delivering any remaining assessments that will underpin the centre's grade predictions according to the school's internal timelines;
- Delivering results and data submissions associated with the centre's grade predictions to meet JCQ's and the examination boards' timelines;
- Complying with the requirements set out in the Centre's Assessment Policy in relation to any assessment, marking and quality assurance required to underpin the centre's grade predictions.

Potential issue associated with a future lockdown	Contingency
School is closed, so any physical (paper) assessments cannot occur	<ul style="list-style-type: none"> • Students will sit assessments on-line instead, using Digiexam (either from their own homes or, for those students still remaining in boarding, within their rooms). • Students, parents and agents (to support parents who do not speak English) will be informed by email of the switch to on-line assessments, and students will attend a Zoom meeting to ensure they are fully aware of the schedule and associated processes; • Digiexam has proctoring features to provide on-line invigilation. Any student flagged as using internet sources and/or additional applications beyond what is authorised, will not be permitted to use that assessment as evidence to support that subject's predicted grade; • The college has already trialled and tested the Digiexam platform in the past, with established systems, training and instructions now familiar for staff and students to use; • All assessment papers will be accessible via our virtual learning environment, Canvas; • All student responses to test papers will be submitted back to the college via Canvas. This ensures central storage and access by teachers and other key staff members; • Marking and moderation will be executed by teachers on-line, making use of Microsoft Teams as our secure, internal communication system.

	<ul style="list-style-type: none"> • For those students unable to access Digiexam (e.g. due to VPN issues), assessments will be sent via email and invigilation will occur via Zoom cameras; • For those students unable to perform assessments on-line at all (e.g. Myanmar students, due to their country's unstable situation), other evidence will be used to substitute the assessments carried out during a future lockdown. <p>N.B. The centre's Assessment Records will be amended accordingly to reflect any changes, including whether the level of control has been affected.</p> <ul style="list-style-type: none"> • Assessment grades achieved during a future lockdown, will be combined with other sources of student evidence, e.g. mock examinations and half termly cycle assessments, to determine the students' final Centre Assessment Grades. These grades are already stored centrally via our student information system and can easily be accessed on-line by all members of staff.
School is closed so staff cannot use the school's facilities	<ul style="list-style-type: none"> • Staff are very familiar using either MS Teams or Zoom to hold meetings, and hence can arrange meetings and moderation/standardisation processes as required, to comply with the quality assurance processes detailed within the Centre's Assessment Policy; • Staff have used the school's Canvas VLE since September 2020, to store many of the student assessments with related marking/feedback - hence teachers will be able to access most student evidence on-line; • Staff will also have on-line access to the school's central student information centre, which is a repository of all the students' assessment and predicted grades (reported half-termly) and additionally their department's student data trackers via SharePoint; • When student work is requested by Examination Board(s) on June 21, teachers will have access to on-line student evidence and will be able to send this electronically. Where evidence is missing due to the evidence being hard-copy and stored in school, this will be highlighted as missing from the student evidence submitted.
School is closed and key staff are unavailable due to COVID/other illness	<ul style="list-style-type: none"> • Curriculum Directors have access to their team's on-line student evidence repositories and department student data trackers (e.g. student work/grades stored on Canvas or SharePoint) and hence can retrieve grades/associated evidence if a member of their team is compromised; • Every subject has two teachers and are both involved in marking, standardisation, moderation of that subject/qualification together. Hence if one of those teachers is unable to mark the final assessment, the other teacher would be able to manage that subject/qualification's marking individually. Since our school belongs to a network of similar schools (CATS Canterbury, CATS Cambridge, CATS London), we can use teachers in the other schools to provide quality assurance support, in the form of marking or moderating where necessary;

	<ul style="list-style-type: none"> • If the Examination Officer is unable to carry out their duties (e.g. organising the final assessments; providing on-line invigilation; submitting grades to examination boards; receiving and disseminating final student grades to the school and students), the Assistant Principal Academic, Academic Officer and Data Manager will deputise as necessary.
<p>Disruption of teaching time in the weeks before the final assessments</p>	<ul style="list-style-type: none"> • Teaching will switch to on-line systems: staff and students are very familiar with these systems due to previous lockdowns; • The centre will apply for mitigating circumstances for those students experiencing significant, prolonged time on-line, due to them having to access teaching and assessments during antisocial hours (owing to the international time zone differences, e.g. China 7 hours).
