# PREPARING FOR UNIVERSITY

## HIGHER EDUCATION ADVISORS

Our dedicated full-time Higher Education Advisors offer unlimited individual support for every student from day one, helping with each aspect of the university application process.

### ADVISORS HAVE

- Extensive experience of working in university admissions, with first-hand understanding of how universities assess applications
- Extensive support for students applying to the top universities or seeking careers in the most competitive subjects.

## UNIVERSITY APPLICATION

The process of applying to university can be complicated and overwhelming. We make sure that all our students are supported through that time and can submit their very best application.

- Personal statement preparation
- University (UCAS) application
- Mock interviews
- Additional subject-specific reading
- Sessions with university admissions counsellors/tutors from many of the best universities in the world, including Cambridge, Oxford and MIT
- Supervised homework and study sessions outside school hours
- Support to find work experience placements for students who need to demonstrate work experience

## ACHIEVING SUCCESS

We ensure that all students are challenged in the classroom and encouraged to achieve their best – enabling them to gain entry to many of the best universities in the world. CATS students consistently achieve higher than UK average results in all programmes.

- Each student has a personal study plan with clear grade predictions, based on Durham University's ALIS system
- Our enhanced study programme stretches abilities and develops skills prized by the top universities and critical to future career success: leadership, critical thinking, motivation and management skills
- Every student meets their personal tutor weekly to ensure that their progress is on track

## THE RIGHT CHOICE

With many universities offering a vast range of degrees it can be challenging to identify which one is right. We provide all the information students need to make their decision. Students benefit from:

- Regular campus visits from over 160 universities, including prestigious universities such as Oxford and Cambridge
- Seminars by visiting experts from a wide range of universities, throughout each year
- Help and guidance on choosing the correct subject and university

## KEY PROFESSIONS SUPPORT

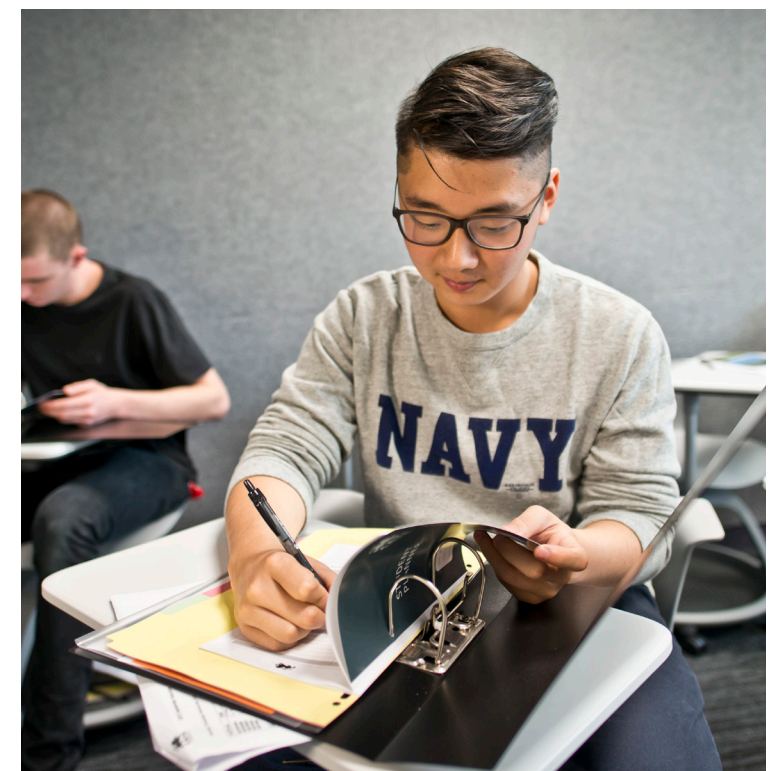

CATS offers a range of extra opportunities to students with a specific profession or prestigious university destination in mind to improve their chances of success.

- One-to-one tutoring
- University (UCAS) application
- Mock interviews
- Additional subject-specific reading
- Sessions with university admissions counsellors/tutors from many of the best universities in the world, including Cambridge, Oxford and MIT
- Supervised homework and study sessions outside of school hours
- Support to find work experience placements for students who need to demonstrate work experience

## CATS UNIVERSITY FAIR

CATS University Fair is an exclusive event open only to CATS students and is one of the largest held in the UK. Over 80 universities attend including the University of Cambridge, London School of Economics and Imperial College London, as well as US and world-leading Canadian universities. The fair provides an excellent and valuable opportunity to talk directly to university admissions teams about their degree programmes, locations and specific entry criteria.

Choosing the right university is an important and complex decision. At CATS we have many years of experience in guiding international students to apply for the right courses at the right university, and then helping them to achieve the required grades to make their application successful.

# UNIVERSITY RANKINGS

CATS has a history of outstanding results and our students progress to the top universities.

| Times 2018 Rank | University                                       | A level | IB | UFP |
|-----------------|--|---------|----|-----|
| 1               | University of Cambridge                          | ✓       | ✓  |     |
| 2               | University of Oxford                             | ✓       | ✓  |     |
| 3               | University of St Andrews                         | ✓       |    | ✓   |
| 4               | Imperial College London                          | ✓       | ✓  |     |
| 5               | Durham University                                | ✓       | ✓  | ✓   |
| 6               | Lancaster University                             |         | ✓  | ✓   |
| 7               | University College London                        | ✓       | ✓  | ✓   |

# OXBRIDGE SUCCESS

For outstanding students applying to the top UK universities, CATS design programmes to stretch students’ passion and commitment to their subject while also offering additional support and advice.

Every year approximately 33,000 students apply to Cambridge or Oxford University for only 6,500 places. On average each university receives five applications for one place, so it is important that students are well prepared and that their application stands out.

In today’s highly competitive environment, universities are not only seeking academically successful candidates, but they also want interesting, well-rounded young people – that’s why CATS offers a range of activities across our three UK campuses to make our students’ applications even stronger.

- One-to-one preparation and support for university interviews including intensive admissions mock interviews
- An enhanced skill set designed specifically for the Oxbridge application process – leadership skills, critical thinking, motivational skills and management skills
- Preparation for university entrance exams including TSA, BMAT, UKCAT, LNAT, etc.
- Experienced group of teachers, many of whom are Oxbridge qualified
- Assistance with writing personal statements tailored for Oxbridge
- Seminars and workshops with admissions tutors, masters and dons from Oxbridge on what they are looking for in an application, how to prepare for the interview and example interview questions
- Stretch activities designed to make our students stand out ranging from Duke of Edinburgh’s Award, Olympiad challenges, Excelsis Awards, Leadership awards, CREST Awards and debating clubs
- Oxbridge University open days and tour
- Oxbridge-focused tuition to ensure offers

Available in Cambridge, Canterbury and London. The range of activities available may vary across our three campuses.

| Thien Huong Vu “Lexie” | Vietnamese        | A level            | Cambridge              | Natural Sciences                     |
| Yinan He               | Chinese           | A level            | Cambridge              | Mathematics                          |

Thien Huong Vu (Lexie), Vietnamese  
Studied: A level  
Destination: University of Cambridge

Lexie received the prestigious Jardine scholarship, worth £150,000. Craig Wilson, Principal of CATS Cambridge said: “We are very proud of all that Lexie has achieved in her time with CATS. She has worked incredibly hard and it is fantastic to see her dedication recognised by Cambridge University.” Lexie’s Personal Tutor said, “I consider it an honour and a pleasure to have been both her Personal Tutor in her second year, and to have taught her Chemistry during her two years at CATS Cambridge.”

Yinan He, Chinese  
Studied: A level  
Destination: University of Cambridge

“CATS provided extra support in Maths during my first year. I was doing 15 hours of maths every week. They gave me a specialised timetable to make sure I was reaching my potential. They taught me beyond the A level syllabus; this was really helpful and it got me ahead academically which helped in my university interviews. The entrance exam for Cambridge tests the way you think, not just your ability to come to the correct answer. You need teachers who really know what they are talking about to teach you this skill. My tutors were excellent and gave up a lot of their time to make sure I was prepared, without their help and guidance I would not have got an offer from University of Cambridge.”

Maxwell Frost, American  
Studied: A level  
Destination: University of Cambridge

“The preparation I received for my Cambridge University interview was invaluable. One of the questions my tutor went through with me came up! These extra sessions gave me the confidence to face this challenge. The fact that CATS has such good links with the University of Cambridge meant that speakers came to the college regularly. A Natural Sciences Master came to speak to us just before my interview. This was really helpful because I could ask her questions on what would happen at my interview.”

A\*A\*A\*A\*A

Ludivine Clement, French  
Studied: Fast-track A level  
Destination: University of Cambridge

“CATS has given me a lot of support and preparation for my application to Cambridge University. I had one-to-one meetings with the Director of Studies almost every day. The mock interviews I had with my tutors were more challenging than the real interview. It was great preparation! What helped was two of my tutors graduated from Jesus College, they knew what was happening on the inside and gave me great advice on what to expect at my interview.”

A\*A\*A

Endi Skenderi, Albanian  
Studied: International Baccalaureate  
Destination: University of Oxford

Endi had the chance to take part in 125 different activities which all look really good on your University application form. Over 160 universities visit CATS Canterbury each year and we are proud of our Global Leadership and other activities which we offer here. It sets our students apart and our Foundation, IB and A level activities including research projects and online university courses really give all our students a clear edge in their university applications.

# MEDICINE

## PHARMACY, VETERINARY MEDICINE, BIOMEDICAL SCIENCE

CATS offers a range of extra support for students seeking successful careers in some of the most competitive medical subjects.

The teaching and support CATS provides is designed to give our students the right preparation for the highly demanding university application process. The extra support given encourages our students to engage in extra-curricular activities which will help them stand out from other applicants.

CATS provides:

- One-to-one counselling and UCAS support
- Preparation for university entrance exams including UKCAT, BMAT, TSA and SAT
- Support to find suitable work experience and volunteer placements critical for students wishing to study Medicine in the UK
- Extensive mock interviews for university applications, including: in-house interviews with a panel of academic tutors, external interview with a panel of experts, group presentations

- Regular seminars from external specialists, including topics such as: schizophrenia, information about medicine degrees, requirements for becoming a doctor, as well as science masterclasses at Oxbridge universities
- Extra-curricular activities to develop the attributes required for each professional career

Available in Cambridge, Canterbury and London. The range of activities available may vary across our three campuses.

Cho Kiu Bar, Hong Kong Chinese  
Studied: Fast-track A level at CATS London  
Destination: King's College London

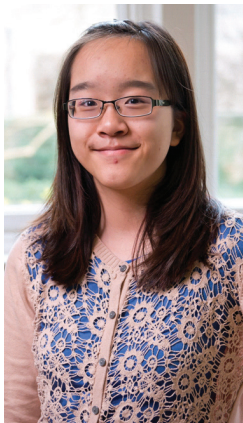

A\*A\*A A

"The Medics programme has introduced me to a different style of writing required for Medicine applications. I've had specific help with my personal statement and so far been to a stem cell conference in Cambridge and seen some visiting professors who have shared their research. The teaching is very fast but if you have a question you stop and ask and we learn not just what we need to pass exams but above and beyond that to increase our overall knowledge."

Elizabeth Hui Lien Lau, Malaysian  
Studied: A level at CATS Cambridge  
Destination: University of Exeter, Medicine

A\*A\*A A

"Every week I have a special medics class where we talk in-depth about medical ethics and news in medicine. We have been on special trips to hospices and research units and I can speak to genuine experts in their fields. All of these opportunities will help me stand out from the crowd when I apply to university.

I have already started to prepare for the BMAT – I have been given past papers to practise."

LAW

CATS provides aspiring law students with the best preparation for the competitive and demanding university application process.

Catherine Gregory, British  
Studied: International Baccalaureate  
Destination: London School of Economics

41

Ho Yan Yeung, Hong Kong Chinese  
Studied: University Foundation Programme  
Destination: Durham University

A\*A A

“The IB is much more diverse than A level and I think a better qualification which will help me get to a better university. The teachers here are very good, and it’s a very informal environment. They help because they want to not because they are obliged to and the H.E. support for my UCAS application has made the process very smooth.”

“The regular tests help a lot, we are tested every three weeks and our assessments and reports are sent to our parents. The teachers are really helpful and always willing to listen and answer our questions. As an international school you get to talk with students from many countries - I have friends now from Thailand, Korea, Russia and all over the world. We learn all about their culture and home life.”

# BUSINESS, MANAGEMENT AND FINANCE

CATS has helped a large number of students go on to study Business, Management and Finance at some of the top universities in the UK.

Eldiyar Nazarmetov, Kazakh  
Studied: A level at CATS Cambridge  
Destination: University of Exeter

“You are constantly being graded from regular assessments to coursework. These grades make up your Individual Learning Plan. This means there isn’t time to get distracted and it makes me keep revising all year. I also have a one-to-one session every week called Economics Writing. My teacher will give me a topic and get me to write about it. It is really developing my skills.”

A\* A A

Thao Nguyen, Vietnamese  
Studied: A level at CATS Cambridge  
Destination: University of Birmingham

“The teachers are flexible, they care about what you have in your head not just what is on paper. Our teachers make us participate in class which helps us learn faster. Here I feel like I have more choice and I can choose what I want and not be restricted.”

# ENGINEERING, AND PHYSICAL SCIENCES

CATS has great support networks to help students aspiring to a career in the competitive engineering and sciences sectors.

Ervin Duva, Albanian  
Studied: A level at CATS Cambridge  
Destination: University College London

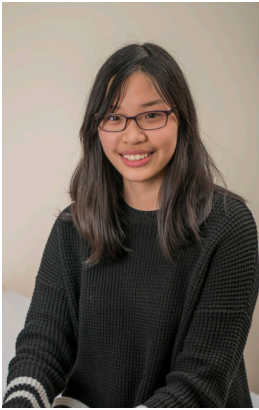

“The individual learning plans are really good, they point out every single thing that you need to improve on and teachers also include encouraging comments. CATS College encourages you to face competition, just like the real world. It is all geared towards getting you a great Personal Statement and making you stand out in your university application.”

Podcharamon Thongkittikul, Thai  
Studied: UFP at CATS Canterbury  
Destination: University of Southampton

“All the staff here are very supportive. Our teachers help us to improve our listening skills by using news reports and YouTube videos, and my personal tutor helped with my university application by reading and advising on my personal statement.”

Yihe Zhao, Chinese  
Studied: A level at CATS Cambridge  
Destination: Imperial College London

“I wanted to study abroad and achieve entry to a top university so I decided to come to the UK. I chose CATS College Cambridge because I wanted to feel the atmosphere of studying in one of the world’s most academic cities and the college is next to many of Cambridge University’s colleges.

My dream is to cure genetic diseases and for that reason I wish to study Biomedical Sciences or Engineering.”

# A LEVELS, TWO YEAR AND FAST TRACK

A level is the classic route to university in the UK, and is recognised by all the best universities around the world. It is designed for confident students who aspire to the most competitive degree courses at UK universities and beyond.

Jo-Kuang Liao, Taiwanese  
Studied: A level at CATS Cambridge  
Destination: Imperial College London

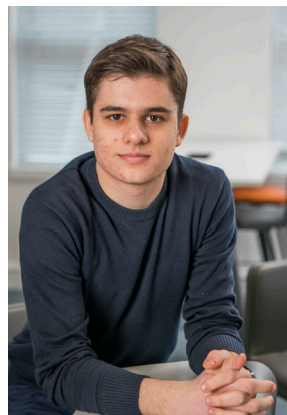

"I've made friends easily here. I didn't feel like there was a language barrier. In fact, the friends I've made here have really made a difference to my level of English. Some of them have been Studied English for longer or are native speakers. It's also been helpful to hear all my teachers speak English in lessons."

A\*A\*A\*A\*

Davyd Dragovoz  
Studied: A level at CATS Cambridge  
Destination: London School of Economics

"It's a privilege to study in the UK. The education system here stretches you, encouraging you to think independently. You can choose the subjects you want to specialise in too which is great when you know what you want to do in the future."
